

The Net

First let me introduce all the fish that were on this amazing journey.

The oldest fish on the journey is named Marley. His brother's name is Pate. Their sister's name is Lexi. She's the youngest. Her best friend's name is Hailey. She has a sister whose name is Liv. Liv has a brother named Slushy.

There was also a fisherman who owned a boat. The fisherman drove his ship all around the ocean. One scary day the fisherman decided to hang a net from the sides of the boat so he would not have to use his fishing rod all the time. Earlier that day he drove his boat over to Pate, Liv and Hailey. They never heard the ship coming over to them. That one frightful minute they almost got swept up by the net ---until Marley and Slushy swam as fast as they could to save Liv, Pate and Hailey!! They did. That was the amazing story that happened under the deep blue sea.
